*A colourful
welcome awaits you...*

We hope your artistic adventure throughout Ayrshire will inspire you to meet as many established and emerging artists and makers in person from Friday 11th until Sunday 13th September 2026.

Some of our talented creatives open their own studios offering visitors the unique opportunity to discover how artists create their paintings and works of art and hear about their favourite materials.

Other artists and makers collectively display their paintings or artisan creations in larger group venues so a wide variety of artworks can be seen in one place. Many will be demonstrating their skills and techniques. One benefit of the Open Studios weekend is the chance to purchase artworks direct or commission something special from the talented artist members.

Now in our 15th year, Open Studios Ayrshire was established in 2012 by a group of local artists and makers to promote the wealth of artistic talent throughout Ayrshire. This annual weekend event is self funded and organised by our members.

Check out the QR Codes for more information.
